

Independent Reasonable Assurance Report to the Directors of Vector Limited and the New Zealand Commerce Commission

Opinion

Our reasonable assurance opinion has been formed on the basis of the matters outlined in this report.

In our opinion, in all material respects, the Gas Distribution Services Default Price-Quality Path Compliance Statement of Vector Limited (the “Annual Compliance Statement”) has been prepared in accordance with clause 11 of the Gas Distribution Services Default Price-Quality Path Determination 2017 (“the Determination”) for the period 1 October 2021 to 30 September 2022.

As far as appears from an examination, in all material respects, the information used in the preparation of the Annual Compliance Statement of Vector Limited has been properly extracted from Vector Limited’s accounting and other records, sourced from its financial and non-financial systems.

Information subject to assurance

We have performed an engagement to provide reasonable assurance in relation to Vector Limited’s Annual Compliance Statement for the assessment period ended 30 September 2022.

Criteria

We have performed an engagement to provide reasonable assurance in relation to the Annual Compliance Statement in respect of the default price-quality path prepared by Vector Limited for the assessment period ended 30 September 2022 and dated 5 December 2022 for the purposes of clause 11 of the Determination.

Standards we followed

We conducted our reasonable assurance engagement in accordance with International Standard on Assurance Engagements (New Zealand) 3000 (Revised) *Assurance Engagements other than audits or reviews of historical financial information* and Standard on Assurance Engagements SAE 3100 (Revised) *Assurance Engagements on Compliance*. We believe that the evidence we have obtained is sufficient and appropriate to provide a basis for our opinion. In accordance with those standards, we have:

- used our professional judgement to assess the risk of material misstatement and non-compliance and plan and perform the engagement to obtain reasonable assurance that the Annual Compliance Statement is free from material misstatement and non-compliance, whether due to fraud or error;
- considered relevant internal controls when designing our assurance procedures, however we do not express an opinion on the effectiveness of these controls; and
- ensured that the engagement team possesses the appropriate knowledge, skills and professional competencies.

How to interpret reasonable assurance and material misstatement and non-compliance

Reasonable assurance is a high level of assurance but is not a guarantee that it will always detect a material misstatement or non-compliance when it exists.

Misstatements, including omissions, within the Annual Compliance Statement and non-compliance are considered material if, individually or in the aggregate, they could reasonably be expected to influence the relevant decisions of the intended users taken on the basis of the Annual Compliance Statement.

Inherent Limitations

Because of the inherent limitations of an assurance engagement, together with the internal control structure it is possible that fraud, error or non-compliance with compliance requirements may occur and not be detected.

A reasonable assurance engagement for the assessment period ended 30 September 2022 does not provide assurance on whether compliance with the Determination will continue in the future.
