

Gas Distribution Information Disclosure Determination 2012, section 2.4.12  
 Prescribed Terms and Conditions of Non-Standard Prescribed Contracts  
 Vector for the Disclosure Year ending 30 June 2013

	Date of disclosure	2.4.17 (1) The maximum hourly amount of gas (in gigajoules) to be conveyed to the consumer under the contract, or (if the amount is not quantified in the contract) a reasonable estimate of that amount based on the duration of the contract;	2.4.17 (2) The pressure or pressures at which the gas is to be supplied or conveyed under that contract, or (if the pressure is not specified in the contract) a reasonable estimate of that pressure	Prescribed term (a) Describe the goods or services to be supplied under the contract	Prescribed term (b) Describe the quantity or amount of these services	Prescribed term (c)ii Specify, determine, or provide for the determination of the timing of payment for those goods or services	Prescribed term (c)iii Specify, determine, or provide for the determination of the security for payment for those goods or services	Prescribed term (c)iv Specify, determine, or provide for the determination of the GDB's obligations and responsibilities (if any) to consumers in the event that the supply of gas pipeline services to consumers is interrupted
<b>SUMMARY OF PRESCRIBED TERM</b>	Date disclosed	Contracted: Maximum Hourly amount of gas =	Pressure kPa	Distribution of Gas from a specified Receipt Point to a specified Delivery Point for a specific End User	Contract has not specified a quantity however the contract does provide for the shipping of a quantity per day up to the Maximum Daily Quantity	Later of the 20th of the month the Invoice is issued or 10 Business days after the Receipt of the Invoice	Either hold a Credit Rating of at least BBB- (S&P or equivalent); or a cash bond; or unconditional payment guarantee; or unconditional third party payment guarantee as allowable under the Code	Notify the Retailer of the interruption.
Network Charges Agreement (Auckland)	9/01/2014	1000	400	The Distributor will provide the Core Services and any agreed Value Added Services.	<b>GAS MEASUREMENT</b> From the Effective Date, the Metering Equipment at the ICP must include an electronic corrector with an electronic time of use facility to record and store for each hour of each day for a period of not less than 62 consecutive days: (a) the volume of Gas measured by the meter at flowing conditions; (b) the pressure and temperature of Gas; (c) the pressure-and-temperature corrected volume of Gas, (the "Hourly Data"). The Retailer shall procure at no cost to the Distributor that the Hourly Data for each month is provided to the Distributor not later than the end of the fifth working day following such month. The Hourly Data shall be set out in a single electronic file, in the file format specified by the Distributor, and emailed to such address as the Distributor notifies from time to time.	Later of the 20th of the month the Invoice is issued or 10 Business days after the Receipt of the Invoice	Either hold a Credit Rating of at least BBB- (S&P or equivalent); or a cash bond; or unconditional payment guarantee; or unconditional third party payment guarantee; or security bond for 1/6th of the previous 12 months charges.	Module 5 Part2 & Part3 - The Distributor will, within 5 minutes of first becoming aware of an Area Network Fault, communicate as much of the following information as possible to the Retailer: - That there has been a fault; A general description of the area affected; The cause of the fault; the expected time of restoration of supply; and Whether to stop login calls. The Distributor will, within 5 minutes of new information becoming available and at intervals no longer than 30 minutes, until a firm restoration time has been advised, provide the Retailer with an update on the status of the fault. Where the expected restoration time is likely to be exceeded, the Distributor will inform the Retailer of a new expected restoration time. This will be done not less than 10 minutes before the existing restoration time elapses. The Distributor will supply the Retailer, within 5 minutes of a full or partial restoration of supply,
Network Charges Agreement (Auckland)	9/01/2014	1000	400	Core Services include: • Maintain a connection to the relevant Transmission System at each Injection Point; • Make the Network available for the conveyance of Energy from the Injection Points to the Points of Connection; • Maintain and operate the network in accordance with Good Industry Practice; • Allow End-Consumers' Equipment and the Retailer's Equipment to be connected to and disconnected from the Network in accordance with the Agreement; • Determine and publish Losses and Loss Factors annually providing the Distributor has all the relevant consumption data from at least 90% of all Points of Connection on the relevant network; and • Comply with obligations, and retain the rights, of the Distributor in the Quality of Supply.

Gas Distribution Information Disclosure Determination 2012, section 2.4.12  
 Prescribed Terms and Conditions of Non-Standard Prescribed Contracts  
 Vector for the Disclosure Year ending 30 June 2013

	Date of disclosure	2.4.17 (1) The maximum hourly amount of gas (in gigajoules) to be conveyed to the consumer under the contract, or (if the amount is not quantified in the contract) a reasonable estimate of that amount based on the duration of the contract;	2.4.17 (2) The pressure or pressures at which the gas is to be supplied or conveyed under that contract, or (if the pressure is not specified in the contract) a reasonable estimate of that pressure	Prescribed term (a) Describe the goods or services to be supplied under the contract	Prescribed term (b) Describe the quantity or amount of these services	Prescribed term (c)ii Specify, determine, or provide for the determination of the timing of payment for those goods or services	Prescribed term (c)iii Specify, determine, or provide for the determination of the security for payment for those goods or services	Prescribed term (c)iv Specify, determine, or provide for the determination of the GDB's obligations and responsibilities (if any) to consumers in the event that the supply of gas pipeline services to consumers is interrupted
<b>SUMMARY OF PRESCRIBED TERM</b>	Date disclosed	Contracted: Maximum Hourly amount of gas =	Pressure kPa	Distribution of Gas from a specified Receipt Point to a specified Delivery Point for a specific End User	Contract has not specified a quantity however the contract does provide for the shipping of a quantity per day up to the Maximum Daily Quantity	Later of the 20th of the month the Invoice is issued or 10 Business days after the Receipt of the Invoice	Either hold a Credit Rating of at least BBB- (S&P or equivalent); or a cash bond; or unconditional payment guarantee; or unconditional third party payment guarantee as allowable under the Code	Notify the Retailer of the interruption.
Network Charges Agreement (North Island)	9/01/2014	215	350	Distributor agrees to accept at the Receipt Point or the Receipt Points (as the case may be), to distribute through the Distribution System and deliver to the Network User at the Delivery Point or the Delivery Points (as the case may be), Gas in the quantities set out in this Agreement.	<b>GAS MEASUREMENT</b> From the Effective Date, the Metering Equipment at the ICP must include an electronic corrector with an electronic time of use facility to record and store for each hour of each day for a period of not less than 62 consecutive days: (a) the volume of Gas measured by the meter at flowing conditions; (b) the pressure and temperature of Gas; (c) the pressure-and-temperature corrected volume of Gas, (the "Hourly Data"). The Retailer shall procure at no cost to the Distributor that the Hourly Data for each month is provided to the Distributor not later than the end of the fifth working day following such month. The Hourly Data shall be set out in a single electronic file, in the file format specified by the Distributor, and emailed to such address as the Distributor notifies from time to time.	The Network User shall pay to the distributor the aggregate amount stated in the distributor's invoice by direct credit to the distributor's bank account not later than the 20th of each month, or on the preceding Business Day if the 20th of the Month is not a Business Day.	The Network User shall pay a deposit to the distributor or arrange for a registered bank to post a bond equivalent to the approximate total charges payable by the Network User for two Billing Periods as estimated by the Distributor.  In the event that at the end of any Year during the term of this Agreement the Network Use increases its notified quantities or other obligations in respect of which charges are or could be incurred, the distributor may require that the amount of the deposit or bond be correspondingly increased from the beginning of the next Year and the Network User hereby agreed to comply with such requirement.	<b>Interruption for Maintenance</b> The distributor may interrupt or reduce distribution to any Delivery Point either totally or partially for any period which in its reasonable opinion is necessary for the purpose of testing, adding to, altering, repairing, replacing, cleaning or maintaining any Distribution System equipment (including, without limitation, pipelines, compressors, valves, and monitoring equipment) or for any other purpose which in the distributor's reasonable opinion requires interruption or reduction of network services. In the event of interruption or reduction of distribution, the distributor shall use reasonable endeavours: Notify the Network Users as early as reasonably practicable prior to the interruption or reduction of distribution, of its intention to interrupt or reduce distribution; Minimise the period of interruption or reduction of distribution; Agree with the Network User the timing of the interruption or reduction so as to minimise the disturbance to the Network User's business; Provide an appropriate rebate to the Network User for the loss of network services, such rebate to be equivalent to the Service Charge Payable for the relevant Delivery Point during the period of the interruption.  <b>Emergency Interruption</b> The distributor shall have the right to interrupt or reduce distribution immediately if, in the opinion of the distributor, there is an emergency situation or there is a risk of serious injury or damage to any person or its Distribution Systems for such period as in the opinion of the distributor is necessary. In the event of any such interruption or reduction, the distributor shall as soon as reasonably practicable inform the Network User of the circumstances giving rise to the interruption or reduction, provided that the distributor shall use its reasonable endeavours to ensure that all action taken by the distributor pursuant to this clause shall conform with any written plan with regard to Distribution System emergencies contained in the Information Memorandum.
