

- d) the AECT provides written confirmation to NZXMS that:
- i) no trustee of the AECT who has been nominated to be elected as a director of the Company at this Annual Meeting or who is currently a director of the Company and will either continue to be a director immediately following the Annual Meeting or will stand for re-election as a director of the Company at the Annual Meeting will take part in any decision of the trustees of the AECT on whether to abstain, or vote for or against, any resolution in respect of directors' remuneration; and
 - ii) neither the AECT nor any Associated Person of the AECT (other than trustees of the AECT who are directors of the Company) will receive any direct or indirect benefit arising from Directors' remuneration payable by the Company.
- e) Details of the waiver, the conditions imposed by NZXMS, the independent expert's recommendation and the Remuneration Committee's certificate, are included in this notice of meeting.

The Company has complied with all such conditions, and confirms that the independent members of the Remuneration Committee have provided, and the AECT has been requested to provide, the required confirmation to NZXMS.

NZXMS has granted the above waiver on an ongoing basis, so that it applies to all resolutions pursuant to NZSX Listing Rule 3.5.1 provided that the above conditions are satisfied and the material facts on which the waiver is based, and NZSX Listing Rules 9.3.1 and 3.5.1, remain the same. While NZSX Listing Rule 3.5.1 has recently been amended to provide listed issuers with an option to satisfy director fees by the issue of shares, rather than payment in cash, the Company has decided not to take up that option. Accordingly, the rule remains the same in the manner that it applies to resolution 4 and NZXMS has confirmed the waiver continues to apply.

B. GENERAL BUSINESS

There will be an opportunity to raise relevant matters for discussion which have not otherwise been addressed during the course of the Annual Meeting.

A. ORDINARY BUSINESS

EXPLANATORY NOTE 1 – CHAIRMAN'S AND GROUP CHIEF EXECUTIVE'S REPORTS

The Chairman and the Group Chief Executive will each give a presentation in respect of the financial year ended 30 June 2010. Events occurring after 30 June 2010 will also be discussed.

EXPLANATORY NOTE 2 – RE-ELECTION OF DIRECTORS

The NZSX Listing Rules require that at least one third of the Company's directors or, if their number is not a multiple of three, then the number nearest to one third, shall retire from office at the annual meeting each year, but shall be eligible for re-election at that meeting. The directors to retire are those of the directors who have been longest in office since their last election.

Three directors are required to retire at this meeting. Mr Peter Bird and Mr Bob Thomson are the directors longest in office followed by Ms Karen Sherry, Mr James Carmichael and Mr Michael Stiassny. Mr Peter Bird, Mr Michael Stiassny and Mr Bob Thomson retire by rotation at this Annual Meeting, and being eligible offer themselves for re-election. The Board has determined, in its view, that Mr Peter Bird, Mr Michael Stiassny and Mr Bob Thomson are each an Independent Director (as defined in the NZSX Listing Rules).

Pursuant to NZSX Listing Rule 3.3.5, on 27 August 2010 the Company issued a notice advising a closing date of 13 September 2010 for director nominations.

Background details of directors offering themselves for re-election at this Annual Meeting are set out below.

» Peter Bird

Peter Bird is a managing director of investment banking at Rothschild. His extensive international experience includes advising large corporates and governments on a range of issues including acquisitions and disposals, privatisation, project and acquisition financing, mutualisation, insolvency and debt restructuring. He has also advised utilities and public sector bodies on competitive solicitations and tender design and has advised governments on energy industry restructuring. Before joining Rothschild, Peter worked as an economic consultant, as an economic researcher in the oil and nuclear sectors and as an academic economist at Stirling University.

» Michael Stiassny

Michael Stiassny is a chartered accountant and partner of KordaMentha in Auckland. He has significant experience in investigating accountant work, company restructuring, due diligence and insolvency. He is a director of a number of public and private companies, and chairman of the New Zealand Racing Board. Michael is a Fellow (FinstD) and council member of the Institute of Directors of New Zealand Inc, and chairman of the Institute's Auckland branch.

» Bob Thomson

Bob Thomson was chief executive of Transpower Limited, and is an adviser to the Energy Trusts of New Zealand since 2004. He held a range of senior management and engineering positions in the New Zealand Electricity Department and Electricity Corporation of New Zealand Limited prior to his appointment with Transpower. He was involved in the reform of the electricity industry, including being a board member of the Electricity Market Company Limited from 1994 to 1998. He is a Fellow of the New Zealand Institute of Engineers.

EXPLANATORY NOTE 3 – APPOINTMENT AND REMUNERATION OF AUDITOR

Section 200 of the Companies Act 1993 provides that a company's auditor is automatically re-appointed unless there is a resolution or other reason for the auditor not to be re-appointed. The Company wishes KPMG to continue as the Company's auditor, and KPMG has indicated its willingness to do so.

Section 197(a) of the Companies Act 1993 provides that the fees and expenses of KPMG as auditor are to be fixed in such a manner as the Company determines at the Annual Meeting. The Board proposes that, consistent with past practice, the auditor's fees should be fixed by the directors.

EXPLANATORY NOTE 4 – DIRECTORS' REMUNERATION

This resolution seeks shareholders' approval for an increase in directors' remuneration with effect from 1 October 2010. NZSX Listing Rule 3.5.1 provides that no remuneration shall be paid to a director unless it has been authorised by an ordinary resolution of the Company's shareholders.

The current and proposed remuneration of directors is expressed as a monetary sum per annum payable to any person who from time to time holds office as a director, rather than a monetary sum paid to all directors taken together. It establishes a separate level of remuneration for the Chairman of the Board, in recognition of the additional duties, responsibilities and obligations performed by that person.

The board has undertaken a detailed review of the directors' remuneration including taking advice from independent expert remuneration consultants, dsd Consulting Limited, on the appropriate level of directors' remuneration, aimed at ensuring that the Company's director remuneration practices are consistent with market trends and its objective of attracting and retaining high calibre individuals as directors.

» The Board proposes:

- to increase with effect from 1 October 2010, the monetary sum per annum payable to the Chairman of the board by \$9,900 plus GST (if any) from \$180,000 plus GST (if any) to \$189,900 plus GST (if any); and
- to increase with effect from 1 October 2010, the monetary sum per annum payable to each other director of the Company by \$4,950 plus GST (if any) from \$90,000 plus GST (if any) to \$94,950 plus GST (if any).

» The proposed increase in remuneration reflects the following:

- Directors' fees have not been increased since prior to the Company's initial public offering and NZSX listing in 2005. The Company withdrew a resolution for a proposed increase in 2008, because of the then tough local and global financial conditions.
- The Company wishes to offer competitive fees in order to attract and retain the highest quality directors.
- Increasing governance requirements, including intensive regulatory attention on the Company's business and Government policy developments affecting infrastructure companies, have increased the workload on directors.
- The per-director remuneration covers all of the services provided by directors to the Company, including service on Board committees.
- dsd Consulting Limited recommended, based on a comparison of directors' remuneration of a number of New Zealand's largest companies, an increase in current directors' fees of 5.5%.

The proposed directors' remuneration is therefore consistent with the recommendation received from dsd Consulting Limited.

For these reasons, the Board considers that the proposed increases in remuneration in respect of the Chairman of the Board and for each other director are justified and appropriate.

The provision for GST (if any) is included to take into account that depending on individual circumstances, some directors' fees may include GST. This provision has no financial effect on the Company as any GST charged is available as a credit to the Company.

Under NZSX Listing Rule 9.3.1, directors and Associated Persons (as defined in the NZSX Listing Rules) of directors are precluded from voting in respect of this resolution. This does not however prevent a director who has been appointed as a proxy or voting representative by another person who is not disqualified from voting, from voting in respect of the shares held by that other person in accordance with the express instructions of that other person.

NZX Market Supervision (NZXMS) has granted the Company a waiver from NZSX Listing Rule 9.3.1 to the extent that the Auckland Energy Consumer Trust (the AECT) would otherwise be prohibited from voting in favour of this resolution. The waiver was granted subject to the following conditions:

- The Company's Remuneration Committee commission an independent expert's report on the appropriate remuneration level for directors' remuneration.
- There is no distinction between the directors' fees payable to the directors who are trustees of the AECT and the other directors, based solely on whether or not a director is a trustee of the AECT.
- The independent members of the Company's Remuneration Committee provide a certificate to NZXMS stating that:
 - the proposed directors' fees were set on an arm's length and commercial basis; and
 - the proposed level of directors' remuneration is consistent with the level suggested in the independent expert's report.
