Dear Andrew

Submission on the Proposed Changes to Determinations

1. Vector Limited ("Vector") welcomes the opportunity to make this submission on the Gas Industry Company's ("GIC") proposed changes to the Notices of Determination under the *Gas (Downstream Reconciliation) Rules 2008* and *Gas (Switching Arrangements) Rules 2008* and the list of gas gates on its website, circulated to reconciliation participants on 17 September 2013.
2. Vector has no objection to the proposed amendments to the determinations and list of gas gates, but proposes the amendment below for greater clarity.
3. There is a comment in relation to the Te Awamutu gas gate in the document titled *All gas gates* (page 8, part of the table "Gas gates (TSO: Vector Transmission), under the "Notes" column), which states that the: "OATIS code for this gas gate is Te Awamutu North Delivery Point 9931004". To avoid confusion, Vector suggests the rewording of this comment to: "In OATIS, the meter ID for this gas gate is 9931004".
4. No part of this submission is confidential and Vector is happy for it to be made publicly available.
5. Vector's contact person for this submission is Luz Rose, Senior Regulatory Analyst, 04 803 9051, Luz.Rose@vector.co.nz.

Yours sincerely
